General Motors Upfitter Integration

UI Bulletin #192c

Subject: BrightDrop Electric Van Delivery Inspection Training Video and Forms

Models Years Affected: 2023 - Beyond

Origination Date: May 5, 2023

Revision Date September 11, 2024

ADVISORY:

Condition/Concern:

Upfitters receiving the Electric model Step Through Cargo Vans into their bailment inventory **must** perform a delivery inspection on the vehicle. **Failure to do so may result in the upfitter being held responsible for all in-transit damage.** To help the upfitter in understanding the steps and areas of the vehicle that must be inspected at the time of delivery, required training and forms can be accessed from the www.gmenvolve.com/fleet/tools/fleet-tools website. Select the appropriate Model and Model Year in the BrightDrop Zevo section and look for the links below in the Vehicle Receiving Processes section.

Disclaimer: GM Upfitter Integration Technical Bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service and/or modification of a vehicle. These properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. Contact GM Upfitter Integration for information on whether the information is applicable your vehicle.
